

## Healthy Food Group Meeting Minutes

16<sup>th</sup> March 2010

Present; Jo Williams, Pat Childs, Sarah Jackson (Shire), Ian Doody, Mark Johnson and Leanne Wolstencroft

Apologies; Kath Meaney

### Matters Arising

Plasma screen – Radio has been on and IT are looking to put posters etc on plasma screen.

LW reported back on pupil food questionnaire.

Water fountains have recently been cleaned. Current contract has them cleaned every 6 months. PC to look if this can be altered to be done more frequently. Lunchtime supervisors could use a sanitizer daily to try and keep them clean.

Customer Care Course – Currently being trialled at John Masefield with 3 x 1hr sessions. Started last week and if a success will be rolled out after Easter to other schools. ID will look if there are any other courses available locally.

Valentines and Mexican Days seemed to go well. Tortilla chips with salsa were very popular and have been kept on menu. PC commented that maybe more advertising before events was needed to attract the students.

Group discussed menus and possibility of taster pots. Irish Day scheduled for St Patricks Day and British Menu for St George's Day.

### Prices

LW commented that prices seem to vary and students have also commented on this. SJ will look at having more price lists on display and also price tags on items. Also menu with staff prices for staff room. This subject had been mentioned quite a lot in the pupil questionnaire.

### Vinyl Footprints

Group looked at quote for vinyl footprints to mark out queue for sandwich bar. Group discussed best solutions for queuing and paying at both sandwich bar and jacket potato counter.

PC and LW will trial having two queues (one for sandwiches and one for Jackets) with one till in the middle. If this is successful then can go ahead with vinyl footprints.

Next meeting 2pm 18<sup>th</sup> May in Canteen at The Hereford Academy.
