Jo Williams asked for more people to help with the car free challenge.

Mr Thorley thanked everyone for their help and support over sport relief week, it helped raise the profile of the Student Union.

Health and Safety

Pupils have raised a concern over the slope and road surface behind the Technology area and the caretakers office. A pupil tripped there yesterday and suffered very nasty cuts to the face and head. MT to request Mrs Cranney check the area under health and safety regulations.

Seagulls

It was mentioned that there are rather a lot of seagulls around the site. Mr Thorley and Ms Turner advised that this was due to the amount of litter left after break and lunch time. Members asked if it was possible for litter picking to be part of C4. Mr Thorley suggested possibly pupils collecting in their own time and paying pupils in Vivo Miles for each bag of rubbish collected. To be looked into further.

Summer Uniform

Members asked if it was possible to have a summer uniform in the form of polo shirts. Christine Rushforth is to create a petition for Miss Turner to look over. They hope to get signatures over the next week. They will then present this to Mr. Sheppard.

Toilet Pass

It was mentioned that lots of pupils have a toilet pass who don't need them and that some pupils who have requested one through genuine need have been refused. There needs to be consistency throughout the school. Ms Turner informed the Union that only pupils with a medical condition should have passes.

Canteen

The fire exit in the canteen is being used by staff to enter and leave the canteen. This should not be used by either staff or pupils.
