Car Free Challenge

Vivo Miles

Mr Thorley handed round the Vivo miles catalogue for pupils to look at what rewards they wanted and if there were any that could be added to it. Survey went out to whole school but only 300 responses were received back. What pupils had agreed they would like is for the Head Teachers award to be re-introduced; Mr Thorley informed the group that this would be put in place alongside awards from Directors and Deputy head awards. The union also mentioned that they would like to see a 'Teacher Award'; they felt that good teachers need some rewards too. Abby Sterry and Mr Thorley to look into this. Year 11 felt that they would not benefit from the Vivo system as they will leave soon. All vivo miles will be added to year 11 prom reward points so they are not losing out. Pupils were also concerned that some teachers do not allocate points or log on the system.
